ISPRES Panels Featured at Plastic Surgery The Meeting

Two ISPRES Panels were highlighted during Plastic Surgery The Meeting in Orlando in October. The topics were Principles of Fat Graft Biology and Survival and Established Regenerative Surgery Applications. Panelists included Sydney Coleman, MD; Roger Khouri, MD; Gino Rigotti, MD; Guy Magalon, MD; Kotaro Yoshimura, MD and; Peter Rubin, MD. Both panels were moderated by Dr. Pu and were well received by attendees.

Buttock Fat Grafting Task Force Update

ASPS, ISPRES, ASAPS, ISAPS and IFATS have formed an Inter-Society Buttock Fat Grafting Safety Task Force for the purpose of assessing practice patterns in buttock fat grafting as well as determining the level of risk with the procedures. Activities will examine techniques and instrumentation that could impact patient safety and risk from the procedure.
